

ZW7710A

Strong Light Flashlight

Applications

This high intensity torch is developed by our company to satisfy the actual needs of public security bureau, policeman and law enforcers. It is widely applicable to various public security bureaus, railways, transportation centers, aviation administrations, forestry police stations, and customs.

Features

- The front part of the torch has an attack head, which is used to defend. The neck part has a hexagon anti-roll design. Its body is knurled deeply and the tail is provided with black string.
- It uses imported high intensity solid LED lighting source, with high lighting efficiency, super-long service life, environmental protection and energy conservation.
The three functions for high intensity light, low intensity light and flashover can be shifted freely.
- With optimized structure design, it is guaranteed for normal operation 1m under the water. The high hardness alloy shell protects it from powerful collision and impact.
- The charge and discharge is controlled by the intelligent chip inside, with multiple protections, safety and high efficiency.
- It is furnished with two chargers (AC220V or 12V) for choice according to specific conditions.

Product Data

Description	Unit	Model A	Model B
Rated voltage	V	3.7	3.7
Rated capacity	Ah	2.1	2.1
Power of bulb	W	3	3
Luminous flux of high intensity light	lm	≥160	≥120
Luminous flux of low intensity light	lm	≥50	≥50
Discharge time of high intensity light	h	≥3	≥4
Discharge time of low intensity light	h	10	10
Time of charge	h	5~7	5~7
Effective range	m	≥200	≥150
Dimension	mm	φ35 × 150	φ35 × 150
Package size	mm	229 × 151 × 47	
Net weight	g	190	190
Gross weight	g	500	500
