

ZW7600

Multi-function
Mini Signal Light

Protection Grade: IP65

Applications

This product is applicable to the illumination for signal command, safety alarm and working in the fields of railway, shipping and other transportations, as well as some special areas.

Features

- It uses imported high intensity white LED lighting source, with low energy consumption, and the service life as long as 100,000 hours. The surface of its reflector has undergone high-tech treatment, with high reflection rate. It can shoot as far as 100m. Choose any two of signals from the red, yellow and green signals for configuration. Its signal command is very strong, with the visible distance above 5,000m.
- With full-seal design, it can be operated under the storm. Its shell is made of imported materials, and the functions will not be affected even if it falls from 1m high place. It is resistant to both low and high temperature, and great moisture, and can be used under various conditions.
- With human-oriented rear lamp alarm design, it can send out the alarms from the back during the daily operation so as to eliminate dangers and ensure safety.
- The lithium battery boasts large capacity, long service life, low discharge rate, economy and environmental protection.
- With beautiful appearance and compact structure, it can be held in hand, hanged on the waist or put in pocket conveniently.

Product Data

Description		Unit	Value
Rated voltage		V	3.7
Rated capacity		mAh	4000
Power of bulb		W	1
Current	Lighting source of head		380
	Lighting source of signal	mA	120
	Lighting source of rear alarm		20
Continuous discharge time	Lighting	h	≥10
	Signal		>30
Time of charge	Time of charge	h	6 ~ 8
	External diameter φ	mm	66
Dimension	Length	mm	172
	Package size	mm	212 × 137 × 77
Net weight		g	265
Gross weight		g	500

Tri-color signal

Rear lamp warning

Shoulder lighting

ZW7610

Solid Maintenance-free
Strong Light Flashlight

Protection Grade: IP65

Applications

This product is widely applicable to mobile illumination in the fields of railway, metallurgy, power supply, ship-making, port, army and public security, as well as to the long-time illumination and emergency lighting for different posts of various enterprises.
